International Baccalaureate Diploma Programme

Har du høge ambisjonar og ønskjer ei internasjonal utdanning over to år? International Baccalaureate Diploma Programme er eit krevjande studium for målretta elevar. Undervisningsspråket er engelsk, og det blir stilt høge krav til sjølvstendig arbeid og refleksjon. Til gjengjeld er elevar med IB-diplomet ettertrakta studentar som er ekstra godt førebudd til studiar på norske og internasjonale universitet.

Background Information

For over 30 years Bergen Katedralskole has been successfully offered the International Baccalaureate Diploma Programme. First accredited in 1988 Katten was amongst the first schools to introduce the diploma programme in Norway. The programme is designed to equip students with the academic skills needed for university study, further education and their chosen profession. In addition it aims to develop the values, and lifeskills, needed to live a fulfilled and purposeful life in an ever-changing world.

Since it's introduction we have welcomed local, and International, students through our doors, with student numbers doubling in the last few years.

Dekker du ikke
opptakskravene?

IB

For å studere i Norge må du ha generell studiekompetanse. En del studier har også spesielle opptakskrav i tillegg. Før du søker må du lese om hvilke krav som gjelder for deg, og hva du må laste opp av dokumentasjon i søknaden.

Informasjonen gjelder for opptak til universitet og høyskole.

1 Generell studiekompetanse

Dette gir generell studiekompetanse hvis du har IB.

2 Språkkrav

Språkkravene i norsk og engelsk kan du dekke med godkjente tester.

3 Hva må du laste opp?

Når du søker opptak, må du laste opp dokumentasjon. Her ser du hvilken dokumentasjon som er nødvendig.

4 Spesielle opptakskrav

Enkelte studier har spesielle opptakskrav i tillegg til kravet om generell studiekompetanse.

5 Poengberegning

Hvis du dekker alle opptakskravene, får du en poengsum du konkurrerer om studieplass med. Noen søkere får en individuell vurdering i stedet for en poengsum.

The screenshot displays a web-based timetable interface. At the top, there are navigation controls including a left arrow, the date range "20th - 26th April", a right arrow, and tabs for "This week", "Week", and "Month". Below these is a header row with days of the week: "Mon 20th", "Tue 21st", "Wed 22nd", "Thu 23rd", "Fri 24th", "Sat 25th", and "Sun 26th". The main area contains a grid where each column represents a day and each row represents a time slot (e.g., "09:00 - 10:00"). Lessons are shown as colored boxes with their names (e.g., "GCSE Law", "AS Mathematics") and small circular icons indicating status or type. Some slots contain "add activity" links. A large green box spans Saturday and Sunday afternoon/evening labeled "Sarah's birthday". The bottom row shows "Dinner" for all days.

STUDY SKILLS – SOME PRACTICAL SUGGESTIONS

1. Read aloud
2. Dual coding – Integrate diagrams alongside words
3. Make handwritten notes in class. Re-write these at home
4. Make overviews of key points and useful quotes
5. Use study apps such as forest and Workflow
6. Retrieval practice – complete lots of quizzes and past papers
7. Flash cards
8. Use syllabus and traffic light system
9. Make a detailed plan for what you will work on when

7 WAYS TO MANAGE YOUR MOBILE PHONE

Set a time limit – use pomodoro method

Turn it off or put it on airplane mode

Limit notifications in settings

Don't have it next to you when you revise

Let friends know when you will be back online

Turn down the backlight near bedtime

Use going on your phone as a reward
